Mr Robert O'Donnell
The Mad Sysop

Dear Mr O'Donnell

Videotex User 88 Exhibition

I would like to invite you to visit us during Videotex '88 at the
Barbican Exhibition Centre from 27th to 29th January.

We will be showing the new release of our software products all
of which have been revised and updated.

Enhancements   include   improved   editing facilities,   enhanced
electronic mail, and terminal emulation that works like a
terminal, not a communications package.

All our products now run on IBM PC's and compatibles including
the IBM PS/2, Amstrad 1512 and 1640.

Metrotel have also made moves into Teletext and we will have a
new range of exciting products in this area on display.

I enclose a complimentary ticket to the show and I look forward
to seeing you on stand R 104 Lower Hall.

Yours sincerely,

Les Haagensen
Videotex Consultant.
